Continuous Hot Water – The 10kW system delivers **uninterrupted** hot water

Why Choose Diesel Hot Water ?

No gas on-board – No bottles, no compliance issues.
Fast heat-up – Quicker than gas storage systems.
Compact & efficient – Saves space while delivering high output.
Built for Australian conditions – Backed by 18+ years of diesel heating experience.
Weather-resistant – Reliable in all conditions.
Multiple outlets – Connect to shower, sink, or outdoor kitchen.
Safer than gas – No open flames, no leaks.

Why Autoterm ?

Europe's fastest-growing diesel heater brand.
Trusted by 1700+ companies worldwide.
Backed by a 3-year **warranty.**
